Hello Morten!,

wee Grace from Scotland here. Saw A-ha in Paris on June 19th after 16 years of waiting. I will never ever forget that night! My husband soon became a fan after hearing you. You have the voice of an angel, that all other singers including myself should aspire to. However on the down side i have a bone to pick with you. Years ago you said that you were a vegetarian, well being young and naive and in love with all that was A-ha i followed you, and i have now been a vegetarian for 15 years! if you see someone at the Glasgow gig that resembles a walking corpse, that will be me! However i am sure that i could accept a backstage pass to the Gig in Glasgow if you wanted to ease your guilt! HA HA, thanks for the music and pulling me through some very rough times.

Keep rocking!

Love Grace.

Hi Morten,

I am the mad fan in the butterfly top who asked you for a hug after the gig at the Royal Albert Hall in the UK - and you so kindly did give me a big hug and made my day!

I would like to wish you a happy birthday on September 14th. Also, I am sure I will not get a reply on this, but thought I would ask you anyway... In my spare time, I write small articles for a UK fishkeeping magazine called Practical Fishkeeping (keeping fish is a big hobby of mine, and I work for a large aquatics company). I was really interested to read that you have a marine tank, and would love to have the opportunity to interview you about it (I am sure it would be a change from all the usual sort of interviews you must get!). I know it is a long shot, but it would make this A-ha fan very happy. I just thought I would take the chance and ask - my e-mail address has been sent with this message.

Thanks, and best wishes,
Emma X

p.s I'm looking forward to all the UK concerts in October, look out for me in the front row at Birmingham!!!!

hello Morten,

just another one of your millions of female admirers from the U.K, who wanted to say Hello :) (not that I think you will have the time to read all of these mails) I look forward to seeing A-ha in Manchester in October, and hearing your amazing voice...and who knows maybe I will get the chance to speak to you personally. (which I doubt very much as knowing me if you were standing right in front of me, I would probably be too stunned to say anything) so if you see anyone hiding in the shadows it will probably be me, anyway Happy Birthday when it comes, and I wish you all that you wish yourself...best wishes...love..

Pauline :)

Hi there,

First of all, thanks for your music, and of course your sound! I live in the Netherlands and got the chance to write you this short greeting by a great German fansite. But now that I'm sitting here to write you something it seems that I have no inspiration at all! ahhh...

It's kind of weird.. but I guess that's because of the fact that I don't know you as a person, I just know your music.. besides thanking you for the music and wishing you all the best i have really really nothing more to say.. and that's not a lie...

So dear Morten, live your life the way you want it to be...
CARPE DIEM!!!

and... last but not least, HAPPY BIRTHDAY!
my (22) birthday is at the 18th of September... that makes us two virgo's!

See you at 8 October in A'dam.. Look out for me and my mom!

Hei there Mr Harket.

I was just perusing a few shots of you with some fans and I recall a while ago some fans were complaining that u weren't so freindly to them. But what i can't understand is how you can stand being plucked at and pulled by such overwhelming huge masses of fans?

I'd loose it completely! I'd pull a full-on Berserker-type hissy fit and freak! But you just grin and bear it. You certainly are a more patient person than I. Well I just want to say that I'm proud to be able to listen to your music and grateful as well. I agree that A-HA haven't as yet reached its full potential and I think you are in for greater things still.

Have a great time.

Hi Morten,

Congratulations on your birthday. Besides you, my mother, my best friend and my husbands aunt share the same birthday!!! I hope you had a great day.

I'd like to thank you for signing my photo when we met in Utrecht on 17 juni 2002.

The photo you signed was taken in The Hague on 4 april 1991 (just before the concert).

Back then I was (only) 16 years old and lucky to win a meeting with a-ha. This time I was again lucky to have a meet & greet with you. I want you to know that I admire your enormous amount of patience, really unbelievable. Every time someone makes a photo of you, or asks you for an autograph (which a lot of fans do, including me), you keep smiling and you stay polite. Thank you for your patience!

GRATULERER MED DAGEN...

...og velkommen i jomfruklubben, har selv bursdag 2/9!

Jeg er egentlig først fan siden dere sluttet å være et band - jeg vet ikke hvordan det kunne skje ikke å høre på deres musikk før...?! Men - nå er jeg fan. Siden jeg hørte midt om vinteren (det snødde!) og midt om natta (hadde nattevakt) "Summer moved on" på radio!

Jeg bor i Norge nå (jeg er tysk) og var "allerede" på Langesund- og Ullevål- konserten. De var kjempebra, begge to!

Skal også på konsert i Bremen/ Tyskland 27/9 (--> se etter "Hilsen fra Skien").

Ikke bare er a-ha platene supert- nei, også soloplatene dine ("Vogts Villa" / "Wild seed") er utmerkende!!!

Fortsett sånn- alle tre og spesielt du! Lykke til videre!

Dear Mr. Harket,

first of all, i wish you all the best for your Birthday.(it's time to stop counting *smile*)

What really makes me feel like an old Pancake is that you actually asked me if i wanted an autograph in Stuttgart on July 2001. And all i could say was "no".

That was so unfriendly 😞I'm sorry for that

Please note that the reason for my reaction was just that i never thought you would talk to me without me asking you something. So i was very surprised.

I just wanted you to know that i really admire you and the rest of the band and that it wasn't my intention to be unpolite.

I still don't want an autograph but please ask me again to knock my sister Petra off her feet. Don't take me too serious,i'm only 18.

Dear Morten,

My name is Jennifer DeNaughel and I am one of the many diehard US fans who have never forgotten A-ha and your incredible, sweet voice. It is my dream to someday see you live. I missed you in Salt Lake City in 86 because of my loving but very overprotective mother. I have been a fan since I was 14 and I just turned 32. A-ha has been such a huge part of my life all these years. I have also enjoyed your solo work. 'Wild Seed' is the most perfect album ever made in my book.

I wish I could find the words to express how grateful I am to you for all the times you have brought a smile to my face and helped me through difficult periods in my life. Your voice is my refuge, taking me someplace far away from reality for just a little while, whenever I need to escape. Thank you.

I hope and pray that one day you will return to the US and my dream of seeing A-ha live and meeting you will come true. I'll never stop dreaming!!!

Take care and God Bless!!! And have a very happy birthday!!!! I am including a poem I wrote as a gift:

Refuge

By Jennifer DeNaughel

Voice from the Heavens

You rescue me

From this world of madness

You carry me

On sweet melancholy notes

You lift me

When the storm rolls in

You shelter me

When I need a friend

You embrace me

When I am afraid

You comfort me

When I am lost and alone

You lead me

And In your gentle smile

I find refuge.

With Love,

Warm and friendly greetings to you from Canada! I just

May all your dreams and wishes come true!
I'm hoping that sometime in the near future you (and a-ha)
might find your way over to my country. (I'd love it especially
if you came to Toronto!) I can tell you that you'd be warmly
and enthusiastically welcomed, as you've lots of fans here,
and your album is doing very well!
I also wanted to thank you for changing my life! With your
music, of course, and your voice sent by god, but also
because of your healthy attitude about life...it was through
you that I first heard about the blood-type diet. I decided to
try it and have never felt better! So, THANK YOU!!!
Again, wishing all the best for you and also for your family.
May you go from strength to strength.

Cannot come to your concert the 8th of october in Amsterdam, there were unfortunatly no more tickets available. Maybe next year? I really dont know what more should I write to you? You have so many fans and proberly get so many fanmail!! My personal word to you? "Keep up the good work baby"! I do not know you personal, but the way that you put your hart into your music say's enough about your personality. I really do have alot of respect for you, because in "the normal way of life", it always hasn't been easy for you. Again....take care of yourself. To me you are always be the greatest, hope some day I can say these words to you.

Morten - you have a divine voice!

Your onstage prescence is comparable to Elvis! Sexy, smooth, eye-catching and totally heart stopping.

Keep creating, never stop singing and keep producing albums for your fans.

Happy Birthday from your Aussie fan,

Linda xx

Dear Morten,

I would love to wish you to get a lot of personal satisfaction from what you do and also find new, challenging ways for self-expression. Another vital thing is to always feel and be sure of the profound love and support that is there for you - both from your fans and, more importantly, the people closest to you. Their thoughts are with you.

Med hjertelig hilsen,

Maria from Moscow

Hello to Forever Young Morten 😊

There are a few hours before A-ha Concert in Riga begin...Just wondering what you are thinking now...

People are always enjoyed you on the Pictures, admiring your voice on the CDies, watching your style, face, frame, your performance on a-ha Concerts, on TV, in the Videos, movie, DVD, listening to you on the radio, reading your mind in Interviews etc. It's very precious that people are learning a lot of things from your experience of life, are interested in everything you do; believe in you, trying to be like you, still today.

Loving to like you! 😊

You are the person, other ones would like to discover.

The personality, that cannot pass unnoticed, unobserved.

You cannot be ignored, Morten Harket! 😊

Too much love around, surrounding, scaring, boring, overwhelming you. But there is the Admiration too - source of Positive Energy!

You are a romantic person, very sad soul, melancholical voice, creative mind. And this quality to lead the crowd, it sounds:"Hey, how is he doing that?" 😊

I'm sure, there are many hidden talents of yours, just waiting to be shown one day.

It's OK, if in the 80ies you have been looked as "a huge marzipan cake with too much cream, filling with a too thin crust"

(Delicious!)

Now, but what are you now, Morten? 😊

Yes, you are more than yourself and it's good to see and to read, that you are really having fun, enjoying your everyday life.

Nowadays you prefer the most to the past, Looking Forward!

Take Care of you anyway,
Never lose your self-confidence
(go to perfectionism if that helps!)

Be nice with people
Enjoy your Lifemoments!

Be Forever in Love
and Always Beloved!
All The Best to you, Beautiful Dreamer

Well hello, M, I'll try and make this brief since you obviously have a zillion of these things to read. Hope you had an absolutely smashing birthday. I am one of those unfortunate Americans who can only hope of a-ha playing at least a few dates in America one of these days. I'm praying the MEMS/Lifelines conglomeration actually happens and is released in America, therefore giving a-ha more reason to tour here! I could probably be talked out of my right arm for a chance to see you boys! 😊 Lifelines is your best yet, and I know you haven't even reached your full potential yet. I VERY much look forward to all the albums to follow. A million thanks for all the phenominal music!! Take good care of yourselves.

Blessings, Laurie Emmons,

 Happy Birthday Morten!

Happy 43rd Birthday, Morten!

You don't look a day over 40! Just kidding - I honestly would guess you were probably more around 30-ish, based on your youthful glow!

I hope you have a fabulous day and do something special. I am looking forward to seeing you (and a-ha) in Manchester and London next month. Rock on! I've enjoyed your music since 1985. Seeing a-ha in Boston in 1986 was the first concert ever for me, so your band holds a special place in my heart. Something I will never forget. Keep making beautiful music! And I hope to see you stateside again at some point!

Love,
Amy

Dear Morten,

congratulations to your birthday! But I don't want to write the same as all...

I want to tell you a little, funny story that perhaps will make you smile if you read it! I work in a youth office in Berlin and the walls of my office are full with topical pictures of you...My age is 41, but I don't care what the people say or think. At work I want to see beauty!

A few weeks ago at office-time a client (about fifty I think) starred at the photos for a while and asked: "Is your husband a singer? I stopped short, smiled and answered:

"Unfortunately that's not my husband!" With colleagues and my "real" husband I laughed so much at this little story!

My husband and I look forward to the concert in Berlin and hope to stand in the first row.

Best wishes,
Ingrid

Dear Morten,

there is not much I would like to add to the message I already wrote for a-ha. First of all, I am telling you what you must have heard for at least 10.000 times: You have a wonderful, beautiful voice, that amazes me again and again every time I hear it. But it is not only your voice, that makes you so special, but also your song writing talent. I bought your "Wild Seed" album only last year. I find it so remarkable, that it is very hard to believe that it internationally never got the attention it would have deserved. From the songs you wrote for the latest two albums I love "Thought that it was you" and "Cannot hide".

Another thing I admire you for is the kindness and patience you show to all the fans. I have seen you in and heard of situations, where I certainly would have completely freaked out, but you always stay so kind and patient. How do you do this ? From where do you take the power for this ? There must be something very special about these Norwegians !

Finally, there is one last favour I would like to ask you for: I am dying to hear you singing "Dark is the night" and "I call your name" during your tour throughout Germany. Oh, please, please do me the favour !

Best wishes
Lindy

 **happy Birthday**
